Model:**CLWM415**

A. Description and Function:

The 4-Port Wall Mounted Charger is made for charging up to four (4) mobile devices simultaneously via adaptor plugs. The Charging Station is made for office and indoor use only.

B. Intended Use:

This product is for indoor use only in a dry area. Do not position in any location near water. Positioning this product outside, or inside in a location near water may cause damage or injury to persons or property. Please ensure you carefully read and abide by the 'Safety Instructions'.

C. Safety Instructions:

ATTENTION!

We recommend a skilled electrician is used to assemble and disassemble the housing of the product to avoid risk of electric shock or electrical damage to the product.

- This product is not a toy and should not be used by children at any time. It contains small parts which can be swallowed and cause serious injury.
- Ensure the product is assembled and installed in a way that prevents a person tripping over the power cable or the unit falling from its location.
- Please ensure the packing materials are disposed off completely to prevent injury to children (such as box cuts or swallowing insulation materials).
- Do not install in an area with high temperature, high humidity or areas where the charging station may come into contact with water.

- Do not install near air conditioners, or in areas with excessive dust, smoke or vibration.
- Do not modify or alter the product in any way. Any unauthorized modification or alteration will immediately void the Warranty.
- Do not use the product, or any parts, if they are damaged.
- All cables and adaptors should be connected and disconnected slowly and carefully.
- Ensure suitable packaging for transport of the product based on its 'Specifications'.

D. Package Content:

1 x 100 ~ 240V / 50~60 Hz AC Adaptor
 1 x Power cord
 1 x 4-Port Wall Mounted Charger
 1 x User Manual

E. Care, Maintenance, Storage and Transport:

WARNING!

Please follow these instructions to avoid risk of electric shock and/or short circuit.

- The product is self-service, i.e. users do not require assistance to recharge their device.
- Always disconnect the power cord from the main power outlet first.
- Do not clean the product until the unit is powered off and unplugged from the main power outlet. Once unplugged, clean using a dry or slightly damp cloth. Avoid using cleaning products and do not allow liquid to enter the device.
- Do not install in a location where a person could potentially trip on the power cord or the product.
- During care, maintenance, storage and/or transport, avoid places that are wet, humid or have a high temperature.
- Carefully read and abide by the Safety Instructions for care, maintenance, storage and transport.
- We recommend using the original packaging for transportation to protect the product from dust and humidity.
